## For Sprains

Sloan's Liniment is the best remedy for sprains and bruises. It quiets the pain at once, and can be applied to the tenderest part without hurting because it doesn't need to be rubbed—all you have to do is to lay it on lightly. It is a powerful preparation and penetrates instantly—relieves any inflammation and congestion, and reduces the swelling.

Here's the Proof. Mr. L. ROLAND, Bishop of Scranton, Pa. says:—"On the 7th of this present month, as I was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at four o'clock I could not hold a pencil in my hand. I returned home later and purchased a bottle of

Teach the Children to Save Money.

It is often and truthfully said that a penny saved is a penny made. The foundations of many of the greatest fortunes have begun by saving a penny. The habit of saving is one of the best that can be formed. Every child should be taught to save something every week. The satisfaction of counting these pennies when the bank is emptied is one of the pleasures that we never forget; perhaps every one of us can remember the thrill of joy we had when we emptied the contents of the bank on the table and counted and recounted this mountain of wealth; how eager we were to tell our little friends the amount of our great fortune, and raced with them in refilling the bank.

To bring this pleasure within the reach of every child and help the forming of the penny-saving habit, Messrs. Scott & Bowne, 409 Pearl street, New York, the manufacturers of Scott's Emulsion, are offering to send to any address, for 10 cents, a beautiful little savings bank; each bank contains a new Good Luck Penny. Send 10 cents and get one.
